

Homework

LITERACY

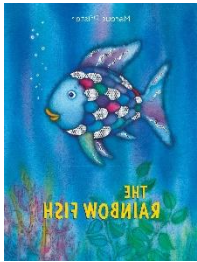

This term we are learning about everything about the sea. During the week we have been reading the book, The Rainbow Fish.

Ask your children the following questions.

Did you ever have something that someone else wanted? Did you share what you had? Why or why not? How did that feel?

Have your child watch the story of the rainbow fish.

[\(85\) \[Special Effects\] The Rainbow Fish | Read Aloud Books for Children - YouTube](#)

Once your child has watched the story, ask them the following questions.

How does the rainbow fish feel about sharing? What do you think he should do? Why?
How do the other fish feel about the rainbow fish?

Record your child's answers in their homework book.

Talk about the characters in the story with your child, now have your child to draw their favourite character in their books.
