

## **MATHS FLIP LEARNING – YEAR 1 AND 2**

Assalamualaikum Year 1 and 2 pupils. I hope you are all well and ready for this year's learning.

This term in Maths year 1 and 2 pupils will be working on Unit 1 – Place Value.

To get you ready and up and running for our first lesson, I would like you to view the two links on place value and get an understanding of how addition, subtraction and multiplication work. There are mathematical words on the second link which you may want to express to your teacher and find out more about it. There are plenty of tips and learning points to take in preparation for your upcoming lessons.

Best of luck children. See you on Monday In Sha Allah.
