

## English Homework – Yrs. 3&4 – Spring 1 – Week 3

This past week we've revised our knowledge of nouns and adjectives, as well as learning how to identify and use noun phrases.

### Expanded Noun Phrase

An expanded noun phrase is a phrase made up of **a noun** and **at least one adjective**.  
If you list more than one adjective to describe the noun, you should add a **comma** to separate them.

Please watch the following video, identify all the noun phrases you hear and see (if you switch subtitles on), and note them down in your homework books.

Once complete, prepare your own 1-minute speech on "My love for reading" and be prepared to read it out aloud to the class in the week! Use your knowledge of noun phrases to make your speech interesting, engaging and fun.
