## Year 5 &6 Homework – Classifying Organism

Year 5 & 6 students will be learning about **Classifying Organism** as part of their science topic. This will give your children the opportunity to investigate different types of living organism.

In the holiday, I would like you to research some interesting and fun facts on different types of organisms.

### Create

- Posters
- Fact sheets
- Drawing and paintings

Please ensure that your work is neat, tidy, and fabulous. So, you can have fun and the class can also have a good time learning about what you have researched.

Have a wonderful holiday Insha Allah!

Mrs Zainab and Miss Sultana
